RSA AUTOMATION PACKAGE

Are you Looking Safe & Reliable Control System for your Reactor ?

Industry : Pharmaceutical

REACTOR TEMPERATURE CONTROL IS CRITICAL AND YOU CAN RELY ON US FOR SAFE OPERATION

RSA Automation can provide you the complete automation for the exothermic reaction control using steam , chilled water and hot water

- Precise control of the temperature by using microprocessor based controllers with discrete control.
- The complete stainless Steel skid suitable for corrosive area.
- Control panel with all the pneumatic and electrical components mounted inside and only actuation of the valves in the field by pneumatic supply.
- Different temperature profiles for different products.
- Proven design to provide low downtime and higher productivity.
